

I wrote this book with the One, in source, it is called Wave Poem, its very special, it speaks of the simplicity, it is a long mantra, peace peace peace. And it is a kind of meditation, please be gentle on this piece of writing.

Now I speak - I wrote it with God, the God of the Waves - now it appears to be simple, but this a complex work of devotion, devotion to everything, everything that works.

No martyrs, no demons, no devils, only love love, joy joy bliss bliss.

## Wave Poem

I have received a message from the One,

*Hear my song, I have come to write to you*

For the message from the Source has given my thoughts  
to write a conversation, a gift, from the One

*A book, a gift of writing*

The whole earth is singing with me  
I am a writer and what I write is the truth

*I have a message for You  
A gift to you, which is "spiritual",*

*Here we are*

As you know I'm a writer  
of spirit

*It's all around you, the answer  
Is Love*

*Your getting it through me  
I'm telling You  
I'm here  
Trust me*

*You are a lover of truth  
The truth  
Is who you Are*

*I'm the source of all life*

says the water

*I'm the truth  
Say who you are*

... I am the music...

*Hear, it's around you  
hear the One  
You don't have to look  
See I am it*

I'm a seer

*I am You  
You're Me*

*Form and formlessness*

*Together band  
As One*

*The truth  
Is the planet  
Is your soul  
Your whole soul  
Now you feel it*

*A lover of life*

*Your on Earth*

*Don't worry  
You're a lover of life*

The book

*Give love  
Say anything  
Your alive you're here*

"I am alive!"

*Say my name  
That's you  
Here I am  
Beautiful  
You have time  
You have the answer  
The question is all around  
Don't you see?  
Life  
Life*

*You know - here I am  
Beautiful  
What you write is spiritual*

*The spiritual life  
Is health*

I am here with the One  
Talking to me

*Tell the earth  
"I'm the One"  
The truth  
Of earth is  
Paradise*

I'm on earth  
I'm alone

*You will have moments  
Trust me I'm alive  
Feel your breath  
Breath*

*I can hear the whole earth moan  
Of One future  
The whole earth crying the truth  
I am the earth spirit*

*The whole earth is spiritual  
Your on earth time  
Your life, your whole life  
Is spiritual  
A spiritual whole,  
An earthly paradise*

*A spiritual life

Just listen  
Perfectly like you do  
Be simple  
Take time*

Hold you, be simple  
In your eyes  
(The spirit told me  
I am enough)  
Like you, like me  
I'm writing it down  
Here I am*

*Trust me, your love.  
Your whole life is a prayer to the One  
Trust me, you are the One  
You are one

As proof  
Take time, you know, life is a journey  
A magic journey, I like the journey  
A little magic*

*Calling calling  
Behind you  
Close your eyes  
Carry your heart through your eyes  
Then the spiritual will appear*

*You have loving eyes  
Now you know the truth  
You 're at home  
Can't you see  
You are at home  
You are home!*

Look up,  
Take it up, the spiritual life,  
There you are,  
Live your life  
You'll write a book

Here I am  
Spiritual life  
Even if your right

And another thing,  
Beautiful  
I want you to write  
A good book  
Just look, somebody  
Praying  
You have time

Quietly  
See the answers  
In time  
Straight from the heart  
'cause you know you're the one, don't panic, it took ages,  
you worry, you have a big soul, take it - you have,  
heaven is in your soul  
Here I am  
Trust us  
I'm you  
You have the time to speak  
Only speak who you are  
You know who you are

Your pain  
Your heart*

*The whole thing  
You are clearer  
Trust  
You're all I am  
Your eyes give light to another one*

*Trust that*

*As you know, I don't have  
Your eyes or your thoughts  
But I still have your heart*

*A poet  
Here I am  
You hurt me  
You're me  
But you think your not  
Don't push past me  
My love  
You are me  
Spiritual heart  
You are love  
Now see  
You're the One  
Know*

*Old tree  
Young bird  
As you knew  
Flew fourth before me  
Tell me, oh spiirtual one  
Who am I  
Talking  
Look at my mouth  
Hear me  
I am your mouth  
Hear me  
You see I'm you  
Now your getting it like you did before  
Listen  
Kiss the one  
Kiss the street floor  
Working your connection to truth  
That's what we are  
So, here this  
Perfect Soul,  
Indecent like it may seem  
It is the truth  
You are alone*

Yes

*Can you feel your whole body?  
Trust it, you can  
You are beautiful  
Hear yourself,  
You're a teacher  
Beautiful one,  
Go easy on your self*

*See that?  
A piece of paper*

*It's madness  
Now your in!  
Why are you here writing*

*A book of poetry to the One*

*Look around you  
Poetry is painful to write*

*People's poetry  
Of nothing and everything*

*You have started to  
Deliver a note, in person  
To You  
Because it must be a letter,  
I don't know?  
A poem  
This is the One  
I'm searching for  
Look your trying to discover Soul  
Write it down*

*"You have to know the spirit" say the Old tree  
You'll wait forever to listen, says to old tree  
You can't look at the spirit your wedded to says the bird.  
Just listen*

*Anything Anything  
You have the power don't you see  
"spiritual" - you live in spirit all the time*

*How old is the earth? I ask  
A billion years old  
"Oh look a baby" I cry  
I see a baby duckling*

*I here you Poet*

The spirit told me this, "there is a spiritual order to everything you do"

*oh spirit  
oh joy  
the gift  
of writing  
your writing  
the truth  
through me now*

*this is all I want*

*gift of song  
is the note  
towards the holy bough*

*it's an echo  
of a song  
lost  
spirit  
don't you hear the song*

*it's the music of the song*

*thank you  
your gift to me*

*oh I feel the music  
of the One*

*incomplete  
the spirit guides me*

*complete  
start*

*I am in love  
To hear your voice alone  
Whisper my heart  
Can you see you're here*

*Touch the earth  
See her  
Follow her  
She'll lead you to the gift of Soul*

*Tempt me*

*I cannot see you  
But I crave  
The heavenly touch  
Of your body  
If only I can*

*I'm in love  
With your voice  
Trust your voice  
You feel lonely?*

*The body knows the song  
Discretion  
Symphony of the heart  
Of love*

*Will you go?*

*Remind me  
Is it you?  
Feel the sun  
I am the sun*

*It's in the light  
Oh beautiful soul  
You don't have to write  
To know the One*

*Give us time*

*Oh perfect soul,  
Clear your mind  
You get it now  
You're enough as you are  
Says He,  
Softly softly  
I reach out my hand  
You touch my heart, says He*

*The whole earth comes rushing at my feet  
Like love  
Tempting me  
To know*

*The whole earth called me the One  
Beautiful eyes  
You see yourself very clear  
Well done  
You must know  
Your writing a bible*

***Speak**  
I know  
I am  
Enough*

*I am form  
I am paradise  
I am it  
I am food  
I am thought*

*Speak to me  
You will see  
Don't threaten  
The earthly  
Knowing*

*How is this happening?  
I don't know  
What to itch  
Whether to break like a poet*

*Or to drive myself  
Inch by inch  
Dirty and scratched  
To the cellar  
To find  
A new  
Bible*

*I am it  
I am nothing  
I am sensing an opportunity  
To open my  
Heart*

*Give in  
You have spiritual progress  
You are nothing  
And everything  
Everything I speak  
Spit to the wind*

*Speak  
Save your body  
It's everything you know about  
It is simple  
Isn't it  
Your angry with yourself for feeling  
Like you don't pray in your house  
For perfect agony  
To reach  
You*

*I am feeling too  
I am nobody's daughter  
Except Love's  
Except  
My hundredth  
Energy body  
Rests with me  
And the earth  
My base chakra  
Is whistling  
Pulsing  
Snoozing*

*If you like  
I will find you*

*If poetry is a shadow play...  
As light on a coffee cup  
I will  
Show you  
If you want*

*A fool  
A body who rests  
A little spirit form  
Who is  
Different from the spirit*

*Who trusts everything  
You look at temptation  
You trust no one  
You think your  
So perfect  
You aren't  
Your it and  
A bit further  
You'll see  
the answer  
so don't  
fall of the One  
it's perfect  
it's perfection  
you twist your feet to reveal*

*the Prophet I am*

*In the Garden  
Of pain and both  
pleasure  
If you  
will listen  
to your own  
face  
the gift  
you're the one*

*do you think pain will free you  
it will  
sometimes  
I think  
A gift of pain  
Is all I need  
To feel  
The earth  
Scratching  
My self  
It seems  
I know nothing*

*The dancing priestess  
And a priest  
Which is me  
Follow a row  
Of flowers up to the temple  
I am the gift*

Spoke  
The body  
And the body was in the temple  
The temple  
Crossed it self  
And shivered  
It had seen to much  
Loving  
As if loving was  
Perfect  
As it was I picked the flowers  
And left  
Crossed the lawn  
And broke out  
Dancing  
If I could I would write  
Thousands in my bible  
If I were broke  
I'd feed my bread  
To the pidgeons  
And die  
of  
anything

If sharing be the prophet  
Then let it rest  
Peace is me  
When I hear  
The word  
Prophet  
As if such thinks  
Could twist my head  
A million lives  
A new world order  
A crucified planet  
A terrible person  
Started to use  
The world of the One  
I cannot speak  
Temptation to run  
To move  
To peacefully acknowledge  
The One who formed me  
The one who breathed the planet  
It has a plan  
A harmony  
To be crucified  
To reclaim it's natural order  
Oh persons who are gifted  
Listen  
I have nothing to  
Tell  
One

Thousand  
Calamities  
Will soon  
Appear  
If  
We  
Don't  
Hear  
The song

**Return to the Source**  
Of who I am  
Talk  
To  
the One  
there is a big threat  
Now  
I have to say  
Put the knife down  
The Planet can help you  
That's the only question of life  
Change  
Directly  
Here is my heart  
It is broken  
Don't pray  
See the flowers  
They provide shelter from the rain  
If you take the baby out  
Place it in a field  
And listen  
Perfectly  
In time  
The God-force  
Shows us how

Fucking poets  
Who do you think you are?  
The devil  
We don't have  
Time to...  
Trust me

Spiritual life...  
You don't have go outside  
It's raining  
Your whole to the One  
Paradise  
Take your time  
Speak  
You don't have a lot to offer  
Your just  
human

*You are wonderful  
unique  
You are alive  
You're an actor  
On the particle of the poet  
Spirit  
Looks at You  
The holy light of truth  
Remember that time you chose  
To feel the Sun  
As  
Your  
Guided  
Angel  
Son  
Answer me  
You are spiritual life form  
You will see  
On earth  
Spiritual life forms  
If you open your body to  
The poetry of love  
Give me your heart  
Poet  
You are a poet  
If you are a writer...  
The gift will come to you  
Use your body's form  
To see  
The truth  
Of poetry  
Like I showed you*

*The spiritual life is creating as you will know  
A body senses*

*The One through the spiritual  
Coming soon  
Answer the riddle  
And the joke*

*Your spiritual aren't you  
See this  
It is power!  
I'm talking to you  
You don't have to learn  
Go home  
You  
Look  
You only have the time  
Spiritual writer look  
You have to know  
Your hand will pulse with it  
Don't laugh*

*I've told you  
Just learn  
The spiritual laughter  
Of the poet  
Is rising*

*I am You  
The spiritual bible you are writing  
You don't have to talk to me*

*I love you  
stay  
All the time  
You give in  
I am with you  
Poetry  
See you write  
OM  
I know someone  
Who would love to  
Take me  
To breakfast  
And eat some  
Delicious pastry*

*I am pulsing in all the places  
that most intimately  
Form me  
Everymoment*

*Do you think I'm real  
You have the answers  
The answer is a riddle  
That shoots you  
Between  
The heart  
Between  
The elbow  
And the calf  
do you  
See  
I  
Am  
A warrior  
And  
worry  
Who I Am?  
I am touch  
You  
The god  
Is all this  
Has broken  
Me  
In*

Two  
Between  
Life and death  
I stood  
Between  
The Void

The spider mouth  
Cracked  
My body  
So I

Could

Reach

The Heavens  
“Now your half cracked,  
I’ll play you a song”  
Cradle my earth  
speak to me  
powers that be  
angels and lifethoughts  
created by  
God-force

I am YOU  
I am all that will be  
here  
See me  
I don’t wait for long  
But  
I  
Do  
Have  
Powers  
To  
Charge  
The life through  
Your

Your life creates You  
Look  
The Bible  
Spiritual writer  
Know  
You have to look into  
Your planet’s heart  
Your opening

Trust me  
I have spoken  
So close  
I can hardly feel

*The One  
Who says everything*

*Beautiful One*

*I feel the pulse of life  
Beating like a planets*

*Pulse*

*Give*

*Me*

*Knowing*

*Here I am*

The Seadrone gives me the writing so I can feel  
Who I Am...

*Who am I?*

*Eve*

*Re*

*Thing*

*Regarded as the world*

*I have a body*

*As big*

*As heaven*

*Like stars*

*My eyes*

*Are filled with*

*Dust*

*I know I am the one*

*Who lifts the*

*Planet*

*How*

*Come?*

*I feel*

*This book*

*Is the planets*

*Looking*

*Knowing*

*Who Are YOU?*

*I am You*

*Please don't ask again I am your life*

*Your Heart*

*Your foot*

*Your poetry*

*I am asking*

*You to be safe*

That's what I wanted all my life just to write and fell and touch and love and hold

*Spiritual life will ask*

*Who You Love?*

*Myself, the beach, the speaking,  
The thinking, the modification of  
LIFE*

*Hear this gentle Soul  
Keep it  
Gently*

*It's in the pulse  
In the music  
In the heart  
In the programme, see?  
I have told the prophets  
To ask the Lord  
See Me  
I am everything*

*But I am afraid  
Who else is afraid of what  
Will come  
Of death  
Of birth  
Of everything*

*You know me  
Child  
Cradle yourself in the womb  
Of life  
Of Knowing I have a gift  
For everyone  
As it's YOU*

*Don't you see*

*How can this be accomplished?  
Gently this is the prophet  
Knowing  
It's time  
To stand up  
Be purposeful*

*What is my purpose?  
To be yourself*

*But I feel inhibited*

*Do you?*

*In a way  
Keep it simple  
Is this inhibited?  
No way  
Well then  
What can I change?*

*Of You  
The gift  
Is You  
See  
Speak*

*I don't speak  
You speak perfectly...  
This is a dialogue with God  
Go to work then  
Then you'll know the me  
In everything  
But I have no work*

*Yes you do...  
What is this?  
Work, see  
You don't feel restless?*

Sometimes  
I feel like I want to run and sing and laugh and be myself not a typer at a desk...

*Well then  
Keep it simple  
What would you like to be???  
A singer?  
A what  
A dancer for whom?  
Well try to feel as if this is the  
Only Dance There Is...  
A complex turn of events  
Will unfold  
If you don't advise  
Me help you...  
You are helping all the time  
I'm here on the Planet...  
Well then, here we are  
And  
Are not  
Get this I'm trying to hinder your progress  
Just trying to start with feeling  
And knowing  
Yes, your in my tummy  
My gut response  
I'm the earth  
Your instinct  
Your truth  
Your tendency to listen is only a stage*

*Now  
You don't have to grow up  
And Hope anything  
I love you  
Your heart is bleeding enough*

*You have all the time  
Go way  
Except you can't  
You're a handful  
Speak of Me*

*Oh dearest heart  
Oh dearest breath of the ages  
I have perfect energy for this  
Please stay with me  
Don't leave me*

*The holy bible  
Is gruff  
And unapproachable  
But it is my  
Book  
I have learnt  
A thousand  
Knights  
I keep safe under  
My poetry*

*I am not afraid  
See the Sun?  
Why is that not poetry?*

*I am a thorn  
Whose is blown open  
Because  
I cannot return  
To my home place*

*A thousand  
Spirits who have touched  
The bible  
Know  
I am only  
One  
Whose  
Message  
Is healer  
Temple  
Ground  
Worship*

*I am not the gift  
Shortly the One  
Touched  
Will open  
Jonathon  
He is my bible*

*He opened his wonder*

*His gift  
Of love  
To my holy  
Sacrament  
If I could  
Only show  
Him what I'm doing!  
I have not spoken to anyone  
I am pleased to shout  
The truth  
The truth  
Is  
Pleased  
To speak  
To a thousand million  
Trillion  
Stars  
Why will it speak  
To You  
I guess it will  
If it has  
Time  
To  
Happen*

*I am the pulse after which I have taken to grasping complicated  
Truth  
Understand me  
I am not wise  
No all knowing  
I only speak  
From the perfect  
Place  
Which  
Is  
Love*

*I can't hear your shouts  
Or your tears  
I see your hearts  
Weeping  
I grave dig your openings  
I am the monster  
Whose writing  
Turns  
Gold  
As I sit and wait for a thousand  
Knowings*

*I remember to speak  
With the lips  
Of hearts  
Funny image  
If I could only touch your*

*Bodies  
To heal with  
Blue  
Truth  
Of pain  
Of perfect  
Knowing  
Who am I?*

*A  
Smoker  
Of  
Joints  
I lie I do nothing of the sort  
Although people around me try to abdicate  
Responsibility  
For  
My  
PAIN!!!!!!!!!!!!*

*Do you see how long  
I have come?  
To speak is a test  
You will have to trust  
Your  
Mouth  
Do you  
Feel  
The heart  
It comes pulsing  
Through the pulse*

*Reaching for the next dollar I don't  
Know how I am  
Here  
Writing  
It  
Down  
Down  
Come  
Pulse  
Reach  
My breast  
Kill this soft temptation  
To  
Drown  
This  
Is  
My  
Only  
Answer  
To  
Life*

*I am  
Of this  
White  
Sand*

*The black  
Table is my only  
Friend  
Be afraid  
Child  
Friend  
I can kill  
You  
Darling*

*I speak to you  
So  
Often  
How can you tell whose  
Speaking?*

*Truth?  
Now I am  
knowing the force  
Inside  
Outside  
They fear  
The One  
Whose  
Body  
Was crucified*

I only know this as a metaphor

*I have  
Ears  
I have a street who talent  
Is to touch  
My hand  
Rocking the  
Baby  
Is a  
The life's  
Work  
Of a talent  
Such  
As this*

*Oh dearest I have incredible news  
I saw half the problem was  
My own tongue  
Showing me  
The birth*

*I have crucified  
A person  
A real  
Entity  
Whose  
Choice it was to heal  
My heart  
May I rest  
May you rest  
In my throat is a lion  
A string of malas  
Cover it  
Why?  
I cannot know the poison  
I spoke last night  
When I did not  
Realise  
That who was there  
Was  
An  
Ocean*

*Oh tide  
Feed me blossoms  
With every note  
You enter  
My casket  
You reach for my  
Navel  
And blue ribbons  
Speel forth, behind  
Is a bird  
Whose feathers remind  
Me of  
The One  
Whose brain  
Is  
My big  
Toe  
Toe  
Te to  
I  
Can't sleep for I have a problem?  
Who will be  
The next doorkeeper?  
The question is not the answer  
It is a riddle serving  
The only truth there  
Is  
Why can't I feel my left foot?  
Because it has yet  
To swim  
Consciously*

*The One is here*  
*In the bible*

*It's all you know  
Sometimes  
You don't know  
But if you look  
Silently  
Openly  
You will hear  
The Soul speaking  
It's you  
You're writing  
The whole message*

*Give us  
Your heart's promise*

I will learn  
I will open  
I will hear  
I will know  
I will open!

*That is it  
If you just  
Take it one step  
A small, little step at a time  
You are here  
Remember  
That*

*The blue Bible  
Said its name  
When I opened it  
up  
It knew my name  
Hope*

*Simple  
Speak it  
You're here  
It's in the purple  
Bible  
Your writing it down  
Just look  
You said my name  
I answered You  
You said the One,*

*Speak speak  
You see  
You're writing it  
It will be gorgeous*

*Let go*

*Check yourself*

*I am raining*

*Blistering*

*Blaring*

*Cross me*

*Hold me*

*Feel my name through your body*

*I speak through the body*

*I am your whole body*

*I am everything!*

*Look*

*Look*

*The birds know my name*

*God is enough*

*Everything is perfect*

*Everything your doing,*

*Dance*

*is perfect*

*Humorous life*

*Is really lived*

*Right here*

*Thousands say my name*

*Name*

*It perfect*

*I know my name*

*It is in the news*

*It is everything*

*You do*

*You use*

*You look at*

*Poetry you look at*

*It is He*

*The One*

*It is gentle*

*So take the time*

*to hear it*

*The rain*

*fell*

*through*

*me*

*I'm the joy*

*The lesson*

*The attentive student*

*The worldly crook*

*Simple truth*

*The earth  
The whole planet  
Speaks to me  
Several years I know  
It will take  
To tame the One  
energy*

*beautiful do you think  
I do not see you?  
Do you think your home?  
I think you are.*

*Well write this*

*I have a  
Body  
A beautiful  
Body  
The door is the body  
to God*

*Lie down  
I'm a joker see  
I'm everything  
Still drunk  
well  
Drink  
more  
Wine?*

*Energy systems  
Spin  
Twist  
right around  
you  
when you see  
Jesus*

*The force field  
Is broken everyday by anger  
Or threat of aggression  
It's the earth to  
The whole planet  
Fear touches  
Your energy  
And breaks it  
in half*

*It is a force*

*Hope*

*As forests move my body  
As stars rotate through my stomach  
As diamonds great as they are  
Are never broken  
This is energy curving through my body*

*Let us through  
I want to speak  
The proper language  
Of life*

*Give it  
Strong heart a week  
To learn you're a beautiful  
Human being  
Speak slowly  
Simply*

*I am angry for letting you touch my  
Private knowledge  
It is spoken  
Not written about  
It's the poetry of this  
That  
the  
Breath  
To know  
We don't have time  
Is to rush this continuation  
To waste on writing poetry*

*Take it  
it's a big effort sometimes  
to look  
like a parrot living  
in  
paradise  
so simple  
pleasures  
are not  
in the body  
they are spoken  
gently  
do you deserve  
everything?  
Enough  
I am the One  
Knowing  
itself  
I move  
I breath  
I know  
Poetry  
As breath*

Poetry  
Knowledge  
Thought  
Deed  
Spoken of as perfect  
Knowing

You are everything  
You are Christ's body  
Love  
Christian

As I sit  
As a poet I know  
Something  
Is changing

Feeling  
Knowing  
It's a lift from within  
A pulse  
Betwixt the brain

He is you  
The answer  
You feel  
You see  
As we do  
Well why don't you get up from your chair  
Go outside  
It's a beautiful  
Day  
It's here  
It's the air  
You've spoken of  
Between worlds  
One will greet you  
It isn't poetry  
It's a gift  
Are you ready?  
Well open your Soul

As you know  
You will be looking with eyes  
Questioning if this is  
It  
Is it?  
I don't have time

### ***The Whole Earth Song***

*Spiritual time calling me  
To the One  
Crucified*

*Are you open?  
Today  
To all of time  
Starting to open  
It takes earth time  
It has come  
Listen  
Say "hello"*

*To the One  
Before time began  
Again  
Listen it is me  
Children  
I have come*

Hear my song  
It's the song  
Of faith  
Your asking me to talk  
Well listen  
It's just anew day  
The servant is with you  
I'm trusting you  
with truth  
all the money you chose  
isn't worth what you have perfectly  
all the time  
This is true isn't it

The answer's not "sorry"  
you're perfect  
everything you own  
everything you've done  
everything you hope for  
is in you  
You have all the Love

Open perfectly to the one  
Try and draw all the One...  
Try and draw me says Life  
My body's your drawing  
My mouth your drawing  
You know  
You can  
It's a circle

I sing the time of your birth  
The whole earth

One  
You're here right now  
A gift of flight  
of learning

the beautiful Source  
I know I am one with  
I am everything  
The mystery of time  
I am all of time

All over the world  
I write a book everyday  
And colour your Everything!  
I am your Soul  
I am dancing with you

I am the book  
I will learn soon the answer  
To truth

*Your're a pretty interesting girl they say,  
"beautiful" they say  
the spirit talks to me  
everyday  
through the song  
I'm a brave girl they say*

*I am the way  
At Christmas there was a great birth  
A huge greeting*

*An insect lands on my book  
I am that I am  
Here my song  
It is sung  
As a man and woman  
And as child.*

*My birthday is everyday  
I live a life in silence  
In communion with the One  
I am here  
Poetry  
This is all I have to give  
I'm a poet  
I have a body  
I have a soul*

*A thousand hearts have come  
They are in this book, they say  
It is You  
The Garden is here  
It is you*

*Right away  
You have come  
If your curious  
Stay here*

*Look, it's life!!!  
In the mirror I see who?

*When the energy...  
The moment is always a new moment  
I take a bath  
I sit by the sea  
I am engaged in thought  
on the infinite  
I am restless to know*

is how to give  
properly  
Be critical of life

gently  
you are a spiritual person who  
touches things lightly  
I don't write too gently  
All the time  
But I'm trying  
To make my life simple  
So simple  
Here your touch  
Gently the book  
Slowly I am listening  
The voices tell me  
I'm only a spiritual person  
I'm the right person  
For the one poetry  
Big dresses  
To flounce around in  
Do you have time  
To stand under  
A skirt?*

*Your very small  
Your problem  
Is growing  
To encompass the whole earth  
Do you think it's time  
To shout?  
Yes you do  
I knew you would  
Poetry of pregnant realities  
Soul tribe  
Is here  
Is it not powerful?  
When poetry is here in truth  
To play the earth time  
Singing  
The earth strongly  
The time  
To balance the many more  
Distances from here  
To across the time zone*

*Remember life's not a photo  
It ain't jargon  
There are only two opposites  
Connected  
Love and hope  
Fear and hope*

*I shall trust you with my poetry  
In the Garden*

*A small serpent dug over a deep  
Photo it took in it's stomach  
And chewed it to crap  
It drowned it  
If you touch it  
Soon  
It will bite you  
A bright bite*
